Transformation
through integration

Life Enhancement Acupressure Program

LEAP Foundation Training 2 (LEAP - FT 2) *Survival Systems*

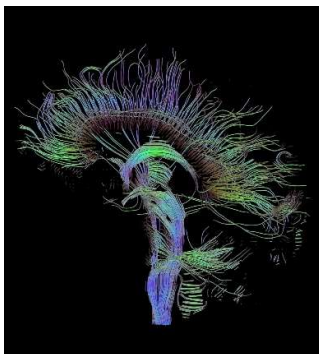

Instructor: Dorota Aamirah Milczarek MA

Take a QUANTUM LEAP in Understanding how to Correct and resolve blocks that affect life-long learning issues.

LEAP Training– is a multi-module Learning Experience that will help you change many people’s lives by disclosing the real “Cause” of Specific Life and Learning Difficulties and providing a Step-by-Step approach to their Resolution.

LEAP Foundation Training 2 includes:

1. Introduction to **Brainstem Anatomy** & functions of regions including the Reticulating Activating System (RAS), Orientation System - Vestibular, Vestibulocerebellum.

2. Learn to **format & balance Commissures**;
Anterior Commissure, Amygdala Commissure,
Anterior Thalamic Nucleus, & Hippocampal Commissure

Emotions-Trust & Failure/Success with the

3. Understand how to work with **Appreciation & Fear of Commissures**.

4. *the PVSS* - controlling our behavioural and physiological responses to Fight/Flight - and where we store past trauma and Deep Survival Switching.

5. **The 3 Pillars** - taking Deep Survival Switching to a new level - integrating with Chakras and the endocrine system to provide a stable physical and emotional structure.

This module is a must for all general Kinesiology & LEAP FT 1 student & practitioners to deepen your understanding & applications in clinical practice

LEAP FT 2 provides you with in depth understanding of the Brains Survival Systems using the totally unique LEAP procedures developed by Dr. Charles Krebs.

LEAP is a way to open your clients to a new way of seeing and resolving stress in their lives!
